

Reference 24

Texas Natural Resource Conservation Commission
TELEPHONE MEMO TO THE FILE

Call to:	Gary Love, Texas Department of Transportation) - Aerial Photography	Call from:	Melissa Cordell, TNRCC
Date of call:	10/29/01	File number:	TXD 082 278 058
Phone no.:	(512) 467-5917	Subject:	Scale of Aerial Photograph
Information for file:			
<p>I requested from Gary Love the scale for the aerial photograph designated as 327764 in Nueces County. Mr. Love stated that the scale reference for the aerial photograph is 1: 24,000 feet or 1 inch equals 2,000 feet.</p> <p>I called Mr. Love back to ask for the scale of the 40 x 40 enlarged aerial photograph 327764. He stated that since the aerial photograph was a 5x enlargement, then the scale would be divided by five. One inch would equal approximately 400 feet, and the scale ratio would be 1:48,000 feet.</p>			
Signed:	<i>Melissa Cordell</i>		<i>October 29, 2001</i>
